21 Cornhill —

14th Feb. 1850.

Dear Miss Burton,

As this is St. Valentine's day, all letters written & received thereon are, I suppose, "suspicious characters."

I duly rec'd. yours of Tuesday. I should advise an early attention to the Millville box, for they will be in many fidgets till they get it. I will write to Crane, to compose his mind.

The box for England, &c. must go by packet of Feb. 20. (Wednesday next); to that end should be on Lewis's Wharf on Tuesday 19th. If you could conveniently come to town on Monday, that would be the best day, but Tuesday morning will answer, doubtless. I do not know how to put up neatly the Bazaar Gazette bundles.

I send you herewith some Annual Reports.

I enclose also a note I have this week received from Mrs. Anna (Carpenter) Thomas, as it refers to some questions which she hoped you would answer. Please bring it with you, when you come to town.

W. Phillips thinks a large supply of articles had better go to Millville. They have seen the Worcester Fairs, I presume, & feel accordingly!

Yours, Truly Yours
